

JAMAICA

Native of Jamaica Dead.

Mrs. Ella M. (Sage) Harris, 64, a native of this town and wife of Levi W. Harris, died in her home in Clinton, Mass., July 17. She was a daughter of Jesse and Lestina Sage. A Clinton newspaper printed the following:

"In the home on Water street where she had spent so many years, were held on Thursday afternoon the funeral services for Mrs. Ella, wife of Levi W. Harris. The house was filled with relatives and friends who came to pay a last tribute to the woman who was so loved and respected. The funeral tributes were many and very beautiful.

"The services were conducted by Rev. James C. Duncan, pastor of the Unitarian church, of which the deceased was a member. Rev. Mr. Duncan read scripture, offered prayer and closed the service with a beautiful poem by Whitier, which was most appropriate. Miss Ethel L. Wilder and Miss F. Lena Marshall sang very beautifully in duet two selections, Jesus, Saviour, Pilot Me, and Safe in the Arms of Jesus.

"Interment was in Woodlawn cemetery in charge of Undertaker David Bhas, there being a committal service in charge of Rev. Mr. Duncan.

"The bearers were Levi W. Harris, E. S. Harris of Fitchburg, Edwin A. Harris of Boston, and Harry W. Divoll of Clinton."

The same paper published the following as a communication: "The passing from our midst of Mrs. Levi W. Harris gives to a friend the privilege of writing what many friends to-day are thinking and saying. Long a resident of the town she was actively identified with much of its best life. Primarily she was a housekeeper and homemaker of the best New England type; with her, however, sympathy and work for others was but an extension of the homeloving spirit.

"Because of her rare good judgment, her great executive ability, and her conscientiousness in carrying to a completion every undertaking, her aid was often sought and it was freely given.

"In the early days of the Clinton hospital, when its needs were great and the women rallied to its support by giving lunches on the fair grounds, Mrs. Harris, as chairman, by hard work and wise planning, ensured financial success. To the Woman's Christian Temperance Union she was a loyal friend and supporter.

"Through all the years her greatest interest was with the church of her choice; its service was to her both a duty and a pleasure, and her presence will be greatly missed in all its activities."

Calcium's Value in Tuberculosis

As a tonic and remedial agent in the treatment of tuberculosis, this element is being studied by scientists and physicians everywhere.

For more than two decades users of Eckman's Alternative have tested its efficacy in such cases, for calcium chloride is one of the most important constituents of this preparation, which has produced beneficial results in thousands of instances. And in this form it is so combined as to be easily assimilated.

If you are thus afflicted, a trial may prove this to be just what is needed to assist Nature in bringing about a return to normal health.

It is safe to take, because it contains no poisonous or habit-forming drugs of any sort.

Should Sloan's Liniment GO ALONG?

Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liniment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of toothache, stiff neck, headache, stings, bites and the many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liniment. Writes one vacationist: "We use it for everything from cramps to toothache." Put a bottle in your bag, be prepared and have no regrets.
